## John H. Fritz, 81, Perishes As His Store Near Cashtown Is Destroyed By Fire Today

John H. Fritz, 81-year-old storekeeper, who had planned to retire following a sale next Saturday afternoon, perished this morning when flames consumed his store near Cashtown.

The body was found under the debris of the one-story frame store, which was completely destroyed by the fire.

Gettysburg Fire Chief James A. Aumen was burned about the face while fighting the fire.

Firemen had sought for nearly two hours to determine whether Mr. Fritz had been burned with the structure, or whether he had gone into Gettysburg, as he had planned Wednesday evening.

Dr. C. G. Crist, county coroner, who with state police investigated the burning, said that death occurred at 7:30 o'clock this morning. The investigation into the cause of the fire is being continued.

Deaf and enfeebled with age, he had planned to abandon a career as a merchant that had begun more than a half century ago. For nearly 50 years he operated a small store in connection with a farm near Orrtanna. Three years ago he built a frame structure one-fourth mile south of Cashtown on the Orrtanna road. He had put his store in the front of the structure and resided in two small rooms, a bedroom and a kitchen, at the rear.

Motorist Discovers Fire

A number of persons, including Jacob McDannell, who passed the store around 6:30 o'clock this morning said that there was a light on in the store and as a result it was believed that Mr. Fritz was up and about.

William Baker, who lives close by the store, left for work at Lettickeny at 7 o'clock, but noticed nothing unusual about the store.

About 8 o'clock Jesse C. Landis and Dorsey Shultz, of Cashtown, who were butchering at the Landis home about an eighth of a mile from the store, were hailed by a woman driving a car along the Orrtanna-Cashtown road.

She told the men that Mr. Fritz's store was on fire. Landis and Shultz ran along the road to the store and went to the rear of the structure where Fritz resided.

As Landis told it: "I yelled at the top of my lungs because the old man was deaf. The whole place was filled with black smoke—you couldn't see inside. There didn't seem to be any fire then. We opened the back door and the whole thing went up in flames. I kept yelling, hoping that if he was in there he would be able to answer and maybe we could find him. About that time the Cashtown Fire company arrived and some of the firemen broke the window of his bedroom and reached in around in his bed. The bed was right beside the window. But they couldn't find him in the bed."

Fire Chief Burned

Kerosene barrels in the store added an extra hazard for the firemen.

Fire Chief Aumen suffered first and second degree burns about the face when a barrel of coal oil he was pulling out of the fire took fire and flashed up in his face. Another barrel of kerosene, in the rear of the 10 by 20 foot store exploded hurling a large portion of a counter out of the flaming structure.

Aumen was treated at the Warner hospital.

Mrs. Landis, who followed the men to the scene of the fire noticed that the composition shingles on the side of the Baker house, about 10 feet from the store, were beginning to blacken from smoke and flames licking at them from the burning structure.

Arouses Neighbors

She pounded on the door to awaken Mrs. Baker, who, with her two daughters and infant son, was sleeping. When Mrs. Baker and the children were awakened Mrs. Landis helped wrap the children in blankets and took the 13-day-old infant, the girls and Mrs. Baker to her home. Meanwhile firemen and others carried the Baker furniture out of the house.

Cashtown firemen said that only the rapid arrival of Fairfield, Gettysburg and Arendtsville firemen to the scene prevented the burning of the Baker home. The house was badly scorched on the north side, but by using booster tanks the firemen were able to prevent the building from bursting into flames.

The Cashtown Fire company laid 1,100 feet of hose but was unable to reach enough water to use the line. A stream that they were seeking to reach was frozen over.

Hampered By Cold

Cold weather hampered the firemen in their efforts. A pump on the Cashtown truck was frozen when the company truck arrived with another load of water in its booster tank.

Firemen began probing for the body before the flames had been extinguished. Smoke and steam, however, hampered their efforts to work into the center of the structure.

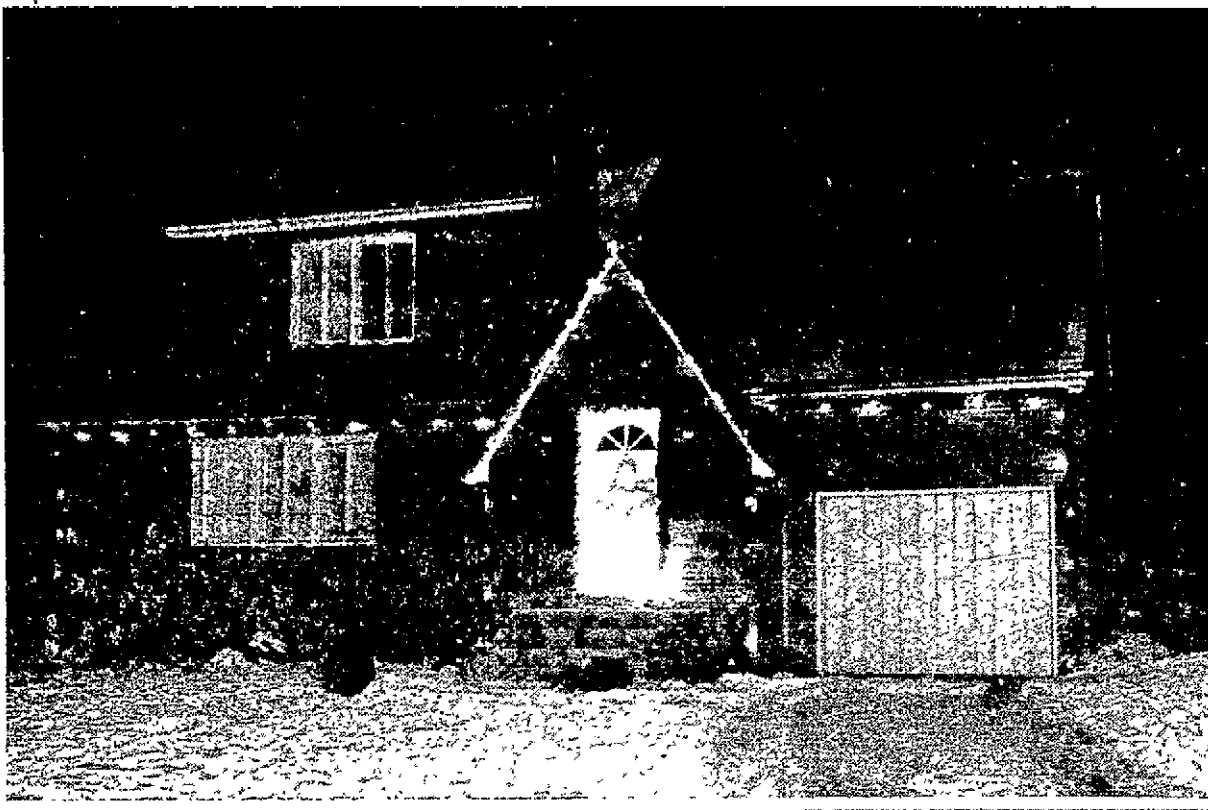

While the search was on at the

## Unexpected Air Barrier Above Stratosphere May Melt Planes

By HOWARD BLAKESLEE (Associated Press Science Editor)

Haverford, Pa., Dec. 28 (AP)—Discovery, high above the stratosphere, of an unexpected air barrier to rocket and interplanetary ships was reported to the American Astronomical society today.

The astronomers are holding their 84th meeting at the Strawbridge observatory at Haverford college. The discovery was made by Richard N. Thomas of the University of Utah and Fred Whipple of Harvard observatory.

The barrier is the heating effect of the upper air at 60 miles and higher. The heating is about twice as much as had been previously calculated.

The principal meaning is that rocket ship engineers will have to plan to limit the ship's speed in those altitudes so that the metal

## VOLUNTEERS IN COUNTY REDUCE DRAFT QUOTAS

Adams county's draft quotas are being reduced by the large number of enlistments, Miss Margaret McIlhenny, local board secretary, said today.

Nineteen Adams countians who did not wait for the draft, but volunteered for military service, are scheduled to leave Friday to enter various branches of the service, Miss McIlhenny said.

By reason largely of the number of volunteers, the contingent to be inducted from Adams county January 11 is relatively small. Only 22 are slated to go to Harrisburg and from there to army training centers.

Miss McIlhenny said the local board has 108 men available for induction who have passed their pre-induction physical examinations. A large number of other registrants have not been called as yet. Thirty-five of the latter will go to Harrisburg January 8 to be examined.

Favor Air Corps

Young men of draft age cannot enlist after they have been notified to report for physical examination, the local board secretary said. The board's office in the First National bank building is constantly besieged, however, by young men seeking to learn "where they stand" in relation to a draft call. Many of them do not wait for the draft.

"They seem to want to pick the branch of service in which to serve," Miss McIlhenny said. "The majority of them want to enlist in the air corps."

Lefever read the story, "I Have an Idea" by Mrs. Elsie Singmaster Lewars.

## RECORDS SET AS MERCURY DROPS TO THREE BELOW

The weatherman set some new records here with an official low temperature of three below zero this morning.

It was the coldest day so far this winter and the coldest December 28 on record here since 1903—but it was far from setting a new record for frigidly in December. Only eight years ago—it was on December 21, 1942, the month's record low for Gettysburg was reached at 14 below zero.

Today was the coldest December day here since December 23, 1945, when the low was three below zero. This morning's reading was the lowest recorded here in nearly three years. It was the coldest morning since January 31, 1948, when the low was four below zero, and that reading followed by a few days the low mark for that winter of seven below on January 26.

The previous low for this winter was seven above zero, recorded here on Wednesday and on December 20.

There were "unofficial" low readings of 10 below zero at several points near Gettysburg today.

George Weaver, near Heidelsburg, said three thermometers agreed the low was 10 below zero.

The Arendtsville weather station reported a low of five below zero this morning. By 1 p.m. the temperature there had climbed to 25 degrees.

Previous December lows, at Arendtsville were a 10 below on December 21, 1942, and two below on December 27, 1948.

Pittsburgh, Dec. 28 (AP)—A bitter cold wave sent the mercury plunging to sub-zero readings in Pennsylvania today but the Weather bureau predicts some relief is in sight.

Temperatures of 10 to 15 above zero are predicted tonight.

The lowest official reading in the state early this morning was 20 degrees below zero at Punxsutawney. Lower unofficial readings were common throughout the state. Portage in Cambria county had 24 below temperatures and a reading of 29 below as reported in Clifton township of Lackawanna county. The U. S. Weather bureau pointed out that a narrow, cold strip was noted between Allentown and Easton to Brookville. The Brookville reading was 18 degrees below zero.

## Allied Forces Man 150-Mile Korean Defense Line; Wait For Impending Red Assault

Tokyo, Dec. 28 (AP)—United Nations forces manning the 150-mile defense line across Korea's midsection braced today against the expected flood of massed Red manpower. But there was little action.

General MacArthur predicted that more than 19 Red divisions—up to 190,000 men—would rush against his tightened new lines in the next two weeks.

The U.N. commander said Communist China has mobilized its "war effort on a national scale."

In his war summary, MacArthur said the last known location of the 19 divisions, which compose the Chinese Communist Fourth Field Army, placed them in a position to hit the Eighth Army sometime between January 1 and 10. He said there were six Chinese corps in the area and that limited attacks in lesser strength of one or more armies (corps) could be launched at any time, but a coordinated attack could be expected by the 10th of next month.

"The character of a major military effort by the Chinese Communist government, though initially masked under the treacherous ruse of a 'volunteer participation,' is only too apparent in the deployment of all elements of the Third and Fourth Field Armies, which represent two out of the five field armies constituting the entire military structure of China," the communique said.

Huge War Budget

"This war effort on a national scale is recognizable in their military budget. According to reliable sources, the Chinese Reds in Peking have approved the spending of eight billion dollars for war purposes in 1951."

The vanguard of a 1,250,000 Communist force, mostly Chinese, was only 35 miles north of Seoul Thursday night.

A U. S. Eighth Army briefing officer said two Chinese armies of about 60,000 men were massing 35 miles north and northwest of the apprehensive South Korean capital. Little ground action was reported.

Patrols from both sides probed lines for weak spots and strength. In the air, Far East Air Forces and Fifth Air Force planes hammered at Red troops immediately behind the enemy lines. Two Russian-made MIG-15s were reported destroyed and a third damaged in a series of three engagements with U.S. F-80 jets over North Korea.

More Red Planes In Air

The Communists have apparently thrown more airplane into the area. One fighter group reported sighting 35 MIGs Wednesday.

General MacArthur's summary said United Nations patrols operating in the western sector of the Eighth Army, supported by air strikes, destroyed and dispersed several enemy groups in the Chang-dong area Wednesday afternoon.

AP Correspondent William J. Waugh in Korea said reports had been received for several days at U.S. Eighth Army headquarters that Kaesong, the big South Korean town about 25 miles northwest of Seoul, would not be defended. It was presumed that Kaesong had been occupied by the Reds, some of whom have been identified as Chinese.

The weather in the battle zone has been generally mild for the last few days. But as yet there has been no official report of any large scale fighting although South Koreans have traded light blows with enemy troops along the line.

Surviving are his widow, the former Bessie Weygant, to whom he was married 44 years, and one sister, Miss Mary Lutz, near Baltimore.

Funeral services Saturday at 2 p.m. from the Bender funeral home conducted by the Rev. Dr. Howard Schley Fox, interment in Evergreen cemetery. Friends may call at the funeral home Friday evening after 7 o'clock.

Mr. Lutz was a member of Trinity Evangelical Reformed church and the Knights of Malta, of Gettysburg.

Paul E. Lutz, 73, died at his home, 343 York street, Wednesday at 3 p.m. from a complication of diseases. He had been in ill health for the last two years.

He was born in York county, a son of the late William and Chrisanna (Wilkinson) Lutz, and resided in Gettysburg for the last 45 years.

For about five years he was employed at the Gettysburg Furniture factory and later was employed for 15 years by the Reading railroad. After retiring from the railroad he was self-employed as a carpenter and furniture finisher.

Mr. Lutz was a member of Trinity Evangelical Reformed church and the Knights of Malta, of Gettysburg.

Surviving are his widow, the former Bessie Weygant, to whom he was married 44 years, and one sister, Miss Mary Lutz, near Baltimore. Funeral services Saturday at 2 p.m. from the Bender funeral home conducted by the Rev. Dr. Howard Schley Fox, interment in Evergreen cemetery. Friends may call at the funeral home Friday evening after 7 o'clock.

Building permits representing estimated construction costs of \$6,930 have been issued by Burgess William G. Weaver this month.

The two largest were permits issued to Grace Sachs for extensive alterations at 325 Hanover street, and the Adams County Novelty company, rear of Carlisle street, for a new concrete building. Each was estimated at \$2,500.

A permit was also issued to the Hotel Gettysburg for a \$1,000 concrete block addition to the boiler room, and one to Ralph Woodward, 246 Ridge avenue, for a frame addition and porch, estimated cost, \$930.

## Expect 400 Persons At Alumni Dance

Approximately 400 are expected to attend the annual Gettysburg high school alumni association holiday dance to be held Friday evening in the new gymnasium at the high school.

Attendance at the dance is not limited to alumni, Bashore said, and all who care to attend are welcome to do so.

The total for the district, which includes Maryland, Virginia, West Virginia, Delaware, Pennsylvania, Ohio, Kentucky and the District of Columbia is 659.

## VOLUNTEERS IN COUNTY REDUCE DRAFT QUOTAS

Adams county's draft quotas are being reduced by the large number of enlistments, Miss Margaret McIlhenny, local board secretary, said today.

Nineteen Adams countians who did not wait for the draft, but volunteered for military service, are scheduled to leave Friday to enter various branches of the service, Miss McIlhenny said.

By reason largely of the number of volunteers, the contingent to be inducted from Adams county January 11 is relatively small. Only 22 are slated to go to Harrisburg and from there to army training centers.

Miss McIlhenny said the local board has 108 men available for induction who have passed their pre-induction physical examinations. A large number of other registrants have not been called as yet. Thirty-five of the latter will go to Harrisburg January 8 to be examined.

Favor Air Corps  
Young men of draft age cannot enlist after they have been notified to report for physical examination, the local board secretary said.

The board's office in the First National bank building is constantly besieged, however, by young men seeking to learn "where they stand" in relation to a draft call. Many of them do not wait for the draft.

"They seem to want to pick the branch of service in which to serve," Miss McIlhenny said. "The majority of them want to enlist in the air corps."

## RECORDS SET AS MERCURY DROPS TO THREE BELOW

The weatherman set some new records here with an official low temperature of three below zero this morning.

It was the coldest day so far this winter and the coldest December 28 on record here since 1903—but it was far from setting a new record for frigidty in December. Only eight years ago—it was on December 21, 1942, the month's record low for Gettysburg was reached at 14 below zero.

Today was the coldest December day here since December 23, 1945, when the low was three below zero.

This morning's reading was the lowest recorded here in nearly three years. It was the coldest morning since January 31, 1948, when the low was four below zero, and that reading followed by a few days the low mark for that winter of seven below on January 26.

The previous low for this winter was seven above zero, recorded here on Wednesday and on December 20.

There were "unofficial" low readings of 10 below zero at several points near Gettysburg today. George Weaver, near Heidlersburg, said three thermometers agreed the low was 10 below zero.

The Arendtsville weather station reported a low of five below zero this morning. By 1 p.m. the temperature here had climbed to 25 degrees. Previous December lows at Arendtsville were a 10 below on December 21, 1942, and two below on December 27, 1948.

Pittsburgh, Dec. 28 (AP)—A bitter cold wave sent the mercury plunging to sub-zero readings in Pennsylvania today but the Weather Bureau predicts some relief is in sight. Temperatures of 10 to 15 above zero are predicted tonight.

The lowest official reading in the state early this morning was 20 degrees below zero at Punxsutawney. Lower unofficial readings were common throughout the state. Portage in Cambria county had 24 below temperatures and a reading of 29 below as reported in Clifton township of Lackawanna county. The U. S. Weather bureau pointed out that a narrow, cold strip was noted between Allentown and Easton to Brookville. The Brookville reading was 18 degrees below zero.

## Allied Forces Man 150-Mile Korean Defense Line; Wait For Impending Red Assault

Tokyo, Dec. 28 (AP)—United Nations forces manning the 150-mile defense line across Korea's midsection braced today against the expected flood of massed Red manpower. But there was little action.

General MacArthur predicted that more than 19 Red divisions—up to 190,000 men—would rush against his tightened new lines in the next two weeks.

The U.N. commander said Communist China has mobilized its "war effort on a national scale."

In his war summary, MacArthur said the last known location of the 19 divisions, which compose the Chinese Communist Fourth Field Army, placed them in a position to hit the Eighth Army sometime between January 1 and 10. He said there were six Chinese corps in the area and that limited attacks in lesser strength of one or more armies (corps) could be launched at any time, but a coordinated attack could be expected by the 10th of next month.

"The character of a major military effort by the Chinese Communist government, though initially masked under the treacherous ruse of a 'volunteer participation,' is only too apparent in the deployment of an element of the Third and Fourth Field Armies, which represent two out of the five field armies constituting the entire military structure of China," the communique said.

Huge War Budget  
"This war effort on a national scale is recognizable in their military budget. According to reliable sources, the Chinese Reds in Peiping have approved the spending of eight billion dollars for war purposes in 1951."

The vanguard of a 1,350,000 Communist force, mostly Chinese, was only 35 miles north of Seoul Thursday night.

A U. S. Eighth Army briefing officer said two Chinese armies of about 60,000 men were massing 35 miles north and northwest of the comprehensive South Korean capital. Little ground action was reported. Patrols from both sides probed lines for weak spots and strength.

In the air, Far East Air Forces and Fifth Air Force planes hammered at Red troops immediately behind the enemy lines. Two Russian-made MIG-15s were reported destroyed and a third damaged in a series of three engagements with U.S. F-80 jets over North Korea.

More Red Planes In Air  
The Communists have apparently thrown more airpower into the area. One fighter group reported sighting 35 MIGs Wednesday.

General MacArthur's summary said United Nations patrols operating in the western sector of the Eighth Army, supported by air strikes, destroyed and dispersed several enemy groups in the Changdong area Wednesday afternoon.

AP Correspondent William J. Waugh in Korea said reports had been received for several days at U.S. Eighth Army headquarters that Kaesong, the big South Korean town about 25 miles northwest of Seoul, would not be defended. It was presumed that Kaesong had been occupied by the Reds, some of whom have been identified as Chinese.

The weather in the battle zone has been generally mild for the last few days. But as yet there has been no official report of any large scale fighting although South Koreans have traded light blows with enemy troops along the line.

Teachers Vote For Pay Raise Plans

Harrisburg, Dec. 28 (AP)—Pennsylvania's public school teachers today endorsed a proposed \$92,000,000 increase in teacher salary and retirement pensions.

The proposal was approved by the Pennsylvania State Education association's annual convention in session here. The PSEA's membership includes nearly all of the state's 60,000 public school teachers.

The PSEA will present the proposed salary and retirement benefit boost to the 1951 legislature for action.

The proposed pay hike would include immediate \$400 a year salary boost for all teachers in the form of two \$200 increments.

State Farm Income Lags Behind '49

Harrisburg, Dec. 28 (AP)—Farm income in Pennsylvania totaled \$610,928,000 for the first 10 months of 1950—a lag of \$44,362,000 behind the rate for the period a year ago.

A Federal-State survey showed also that cash income received by farmers for October amounted to \$61,426,000, a decline of \$1,147,000 under the level of October, 1949.

The survey reported a slight gain in cash income from Pennsylvania livestock and livestock products, including milk and eggs, during October, however, that gain was more than offset by a drop of \$1,448,000 in receipts for field and fruit crops.

"Expenses of farm operation in Pennsylvania have been increasing steadily for many months," said Miles Horst, State Agriculture Secretary. "Skilled workers are growing scarcer and the need for increasing production in 1951 presents a real problem to farmers of the state."

# BRADLEY EDGES PAST INDIANA IN LATE RALLY

New York, Dec. 28 (P)—None of the basketball-playing Bradley regulars wears glasses but Coach Forrest Anderson might take them to the doctor for a checkup.

The boys came up last night with a case of farsightedness. They had their eyes trained so hard on a Saturday night revenge battle with Kentucky won in New Orleans that powerful Indiana almost upset them, and before the home folks too.

But Charley Grover, an old Bradley reliable, dropped in the winning field goal with 14 seconds left to hand the Hoosiers their first loss, 64-62.

Before that Indiana's shorter cagers used a pressing defense to fluster the country's No. 2 team. The Big Ten team led, 51-43, with 12 minutes to play but six straight free throws pulled Bradley up close again. Free throws won the game for the Braves. They tried .5 and sank 28. The No. 5 Hoosiers had a 25-18 field-goal mark.

Bradley will carry a 10-0 record into the Sugar Bowl tournament against St. Louis (8-1) Friday night. If the Braves win, they will meet the winner of the Kentucky-Syracuse game. They're hoping unbeaten Kentucky makes it. The Southerners, No. 1 team in this week's Associated Press poll, whipped the Braves, 71-66, in the same tournament last December.

**Other Tournaments**  
Three other major tournaments started first-round games yesterday: The Big Seven at Kansas City, the All College at Oklahoma City and the Skyline conference at Denver. The All Dixie classic opens this afternoon at Raleigh, N. C.

Clyde Lovellette of Kansas (6-1) can make points at will most of the time. The burly 6-9 ace scored 30 in a 75-51 Jayhawk victory over Iowa State. That set a new Big Seven tournament record.

But 6-4 Maynard Johnson of Minnesota (5-1) came right back with 38 points in the Gophers' 74-68 victory over Colorado. He hit 15 of 23 attempts to break Lovellette's mark. Minnesota is the guest team and Kansas is the tourney favorite.

In the Skyline tournament, Utah (7-3) upset favored Brigham Young, 58-49. It is BYU's second loss against seven victories. Denver defeated New Mexico, 59-40, in the other game.

Oklahoma A & M (10-0) started spectators at the Oklahoma City tournament by trouncing Baylor, 75-38.

The Aggies, No. 3 nationally, take on Texas in a semifinal tonight. Texas defeated Vanderbilt, 55-49. Arkansas plays Alabama in the other game. The Porkers downed Tulsa, 53-44, and Alabama edged the defending champion, Oklahoma City, 49-46.

## Sports Roundup

By HUGH FULLERTON, JR.

New York, Dec. 28 (P)—Joe Lapchick, who is nobody's nitwit when it comes to basketball, says his pro Knickerbockers will go in more for "control" or "possession" play in the future. . . . Instead of trying 85 shots per game, the Knicks will take only 70. . . . Must be its a "trend," what with Missouri, Oklahoma and St. John's cashing in on holding the ball—and playing zone defenses—and making the fans like it. . . . Could be the customers like a tight game where every basket means something better than the firehouse stuff. . . . The Arizona cage team which plays CCNY tonight, has won 71 consecutive games on its home court. . . . Jim Thorpe and his Mrs. have sold their Los Angeles restaurant. . . . Bud Wilkinson claims that Oklahoma and Texas produce more good athletes per 1,000 persons than any other section, mostly because of climatic advantages. . . . That sounds like a good way to start an argument.

### TRIPPED ON TEXAS

When the Texas U. basketball team started its recent eastern tour, Coach Jack Gray had four players draw lots for the last two places on the 12-man traveling squad. . . . The losers were promised a visit to the Oklahoma City tournament which began last night. . . . Then Jack found he'd have to take 14 players to Oklahoma to keep his promise, because one of the two "extras," 5-8 Leon Black, had won a starting spot and the other, 6-8 Ted Price, had become one of his best replacements.

### SPORTS BEFORE YOUR EYES

Word from North Carolina is that the "insiders," Athletic Director Eddie Cameron and backfield Coach Ace Parker, have the inside track to succeed Wallace Wade as Duke football coach. . . . Don Meineke, the 6-foot-7 Dayton U. basketball player who scored 152 points in the first nine games, has been rejected by the army as too tall. . . . The Johnstown, Pa., Dapper Dan club established a precedent of some sort by having the entire Associated Press All-Scholastic football team at a banquet this month. A goodly number of college coaches also attended.

# 4 UNANIMOUS CHOICES FOR ALL PRO TEAM

New York, Dec. 28 (P) — Half-backs Doak Walker of the Detroit Lions and Joe Geri of the Pittsburgh Steelers, Fullback Marlon Motley of the Cleveland Browns and End Tom Fears of the Los Angeles Rams were unanimous choices for The Associated Press 1950 All-Pro football team. They drew votes from sports writers in every National League city in which they performed.

Walker, Southern Methodist's All-America of 1949, paced the National league in scoring with 128 points in his freshman season, making him the rookie of the year.

Besides running and passing the Donker did just about everything expected of a triple threat back. He made 11 touchdowns, kicked 38 of 41 extra point attempts and made eight field goals in 18 efforts to tally the second best point total in the history of the NFL. He also passed. Kicked off, blocked and tackled.

### Three Bears Picked

Three Chicago Bears made the first team. They were quarterback Johnny Lujack who, by scoring 109 points, became the Bears best point getter in history. Tackle George Connor and Guard Dick Barwegan, formerly with the Baltimore Colts.

The other four All-Pro places were filled by End Dan Edwards of the New York Yanks, Center Charley (Chuck) Bednarik of the Philadelphia Eagles, Tackle Arnie Weinmeister of the New York Giants and Guard Joe Signale of the Yanks.

The team includes four former All-Americans. Besides Walker, they are Lujack and Connor of Notre Dame fame and Bednarik of Penn.

The second team includes ends Mac Speedie of Cleveland and Clyde Box of Detroit, tackles Dick Huffman and Bob Reinhard of Los Angeles, guards Garrard Ramsey of the Chicago Cardinals and Ray Bray of the Chicago Bears and Center Clayton Tonnemaker of Green Bay in the line. The No. 2 backfield consists of Bob Waterfield of Los Angeles, Billy Grimes of Green Bay, John Strzykowski of San Francisco and Dick Hoerner of Los Angeles.

The All-Pro players were voted by Associated Press sports writers in 11 National League cities.

**Motley Best on Ground**  
Motley, the former Nevada star, led the league ground gainers, traveling 810 yards on 140 efforts for a 5.8 yard average.

Geri was the main cog in Pittsburgh's attack. He gained 705 yards on the ground from a single wing attack to rank third in the league. He also was the circuit's No. 3 passer based on average gain per pass attempted. He scored 64 points to tie for ninth place in scoring and averaged 40.7 yards per punt, sixth best in the league.

Lujack gained 1,731 yards passing, fifth best figure in the circuit. Notre Dame's two-time All-America carried the ball for 11 touchdowns and kicked three of the five field goals he tried.

### BANK LOANS UP

Washington, Dec. 28 (P)—Despite Federal Reserve board efforts to check lending on a voluntary basis, business loans by member banks took a near-record jump in the week ended December 26. ### BURY LEGION LEADER

Miami, Fla., Dec. 28 (P)—Funeral services were held yesterday for Arthur W. Brigham, 67, prominent in the American Legion since its founding. He died Saturday night of a heart attack. A native of Boston and a veteran of the First World War, Brigham came here to live in 1938. Among the honors accorded him in the Legion were post commanderies in Queens, N. Y., and Coral Gables, Fla.

Johnstown, Pa., Dec. 28 (P) — Workmen Tuesday labored to restore more than 2,000 telephones knocked out by a fire in a building housing automatic dial equipment of the Pennsylvania Telephone corporation. A telephone company spokesman estimated damage done in last night's fire at \$150,000. Service in downtown Johnstown was not interrupted.

# SAY UN COULD HAVE HELD ON AT BEACHHEAD

By TOM BRADSHAW

Tokyo, Dec. 28 (P)—The successful Allied withdrawal from the Hungnam beachhead in Korea has prompted top brass here to say it could have been held indefinitely.

That opinion appeared based on one prime factor—the belief the tremendous curtain of firepower lowered around the beachhead by artillery, naval guns and air support shut the United Nations force off from enemy attack of any magnitude.

The Tenth Army Corps was snatched to safety with most of its supplies while a Communist force now estimated at more than 1,350,000 men was available to annihilate it.

**The Big Question**  
Some military strategists even go so far as to say that the Hungnam operation could be carried out again and again in Korea—provided the setting permitted close naval gunfire support. Some points on Korea's west coast, for instance are too rocky and the offshore water too shallow to accommodate battleships and cruisers.

The big question is, can the same sort of operation be effected if and when U.N. forces are driven back to Pusan or some other pocket? The answer seems to be a qualified no. That is, not until the withdrawing force had been sufficiently reduced in size and the defensive perimeter contracted to a mere 8,000 yards.

The defense perimeter to which the U.N. forces were driven at Pusan early in the Korean war extended 120 miles—many times greater than the distances involved at Hungnam. Another factor to be considered is that any planned withdrawal from Pusan would involve the Eighth Army as well as the Tenth Corps and the ROK (Republic of Korea) forces.

**One Thing Proved**  
And the Red hordes — strangely inactive on the Hungnam perimeter — might react differently if they thought they were near their declared goal, pushing the U.N. Army into the sea of Japan.

Not only were the Communists conspicuous by their offensive absence at Hungnam, they also failed to provide any air or submarine opposition. Even the most optimistic military bigwigs will admit here that the Hungnam operation might have been a different story if enemy jets, bombers and undersea boats had appeared.

Certainly under air and sub attack the Navy could not have evacuated 110,000 North Korean civilians as it did. Hungnam did prove one thing—under the right conditions vast numbers of troops and supplies can be saved to fight again another day.

Pittsburgh, Dec. 28 (P) — A cerebral hemorrhage has taken the life of the Reverend Walter Lee Ewing, 69, superintendent of the Allegheny district, Pittsburgh conference of the Methodist church.

Dr. Ewing, who died Monday, was pastor of the Calvary Methodist church in Pittsburgh for 10 years before assuming the superintendency. He also held pastorates in Terre Haute and Indianapolis, Ind., and Cedar Rapids and Des Moines, Ia. He served parishes in Ohio, Massachusetts and Illinois early in his career.

Government distribution of coins fell to a 15-year low in 1950.

## Debate Looms On New Penna. Taxes

Harrisburg, Dec. 28 (P)—The possibility of new taxes—including a general sales tax—promises some lively debates in the 1951 legislature.

The size of the lawmakers' money-raising headache, however, will depend on how much additional revenue is needed to finance state operations the next two years. Estimates of additional money needed range from \$70,000,000 to \$200,000,000.

Gov. James H. Duff estimated in the 1950 election campaign that his successor would not have to raise more than \$70,000,000 in additional money. However, Richardson Dilworth, Philadelphia city treasurer and defeated gubernatorial candidate, put the figure closer to \$200,000,000.

In addition, the State Chamber of Commerce estimated prior to the Korean war that the 1951-53 legislature would have to raise anywhere from \$115,000,000 to \$205,000,000. It said later, however, that was conditions have completely upset that estimate.

## ARMY ISSUES MARCH CALL FOR 80,000

Washington, Dec. 28 (P) — The army today issued a draft call for 80,000 men in march.

This will bring the total of army requests for draftees to 450,000 since the outbreak of the Korean War.

The 80,000 asked for March is the same quota requested in January and February.

The defense department announcement said the navy, air force and Marines "do not plan to place calls upon the Selective Service system in March."

**Tops Previous Figures**  
Only the army has used the draft up to now.

The original quotas for January and February were boosted on Dec. 12 to provide 80,000 draftees in each of the two months. The first call for January was only 40,000 and the original call for February was 50,000.

The draft calls are part of a build up to give the army a combat force equal to 24 divisions when it reaches its current expansion goal next July 1.

## BRADLEY EDGES PAST INDIANA IN LATE RALLY

New York, Dec. 28 (AP)—None of the basketball-playing Bradley regulars wears glasses but Coach Forrest Anderson might take them to the doctor for a checkup.

The boys came up last night with a case of farsightedness. They had their eyes trained so hard on a Saturday night revenge battle with Kentucky down in New Orleans that powerful Indiana almost upset them, and before the home folks too.

But Charley Grover, an old Bradley reliable, dropped in the winning field goal with 14 seconds left to hand the Hoosiers their first loss, 64-62.

Before that Indiana's shorter cagers used a pressing defense to fluster the country's No. 2 team. The Big Ten team led, 51-43, with 12 minutes to play but six straight free throws pulled Bradley up close again. Free throws won the game for the Braves. They tried 5 and sank 28. The No. 5 Hoosiers had a 25-18 field-goal mark.

Bradley will carry a 10-0 record into the Sugar Bowl tournament against St. Louis (8-1) Friday night. If the Braves win, they will meet the winner of the Kentucky-Syracuse game. They're hoping unbeaten Kentucky makes it. The Southerners, No. 1 team in this week's Associated Press poll, whipped the Braves, 71-66, in the same tournament last December.

**Other Tournaments**  
Three other major tournaments started first-round games yesterday: The Big Seven at Kansas City, the All College at Oklahoma City and the Skyline conference at Denver. The All Dixie classic opens this afternoon at Raleigh, N. C.

Clyde Lovellette of Kansas (6-1) can make points at will most of the time. The burly 6-9 ace scored 30 in a 75-51 Jayhawk victory over Iowa State. That set a new Big Seven tournament record.

But 6-4 Maynard Johnson of Minnesota (5-1) came right back with 38 points in the Gophers' 74-68 victory over Colorado. He hit 15 of 23 attempts to break Lovellette's mark. Minnesota is the guest team and Kansas is the tourney favorite.

In the Skyline tournament, Utah (7-3) upset favored Brigham Young, 58-49. It is BYU's second loss against seven victories. Denver defeated New Mexico, 59-40, in the other game.

Oklahoma A & M (10-0) startled spectators at the Oklahoma City tournament by trouncing Baylor, 75-38.

The Aggies, No. 3 nationally, take on Texas in a semifinal tonight. Texas defeated Vanderbilt, 55-49. Arkansas plays Alabama in the other game. The Porkers downed Tulsa, 53-44, and Alabama edged the defending champion, Oklahoma City, 49-46.

## Sports Roundup

By HUGH FULLERTON, JR.

New York, Dec. 28 (AP)—Joe Lapchick, who is nobody's nitwit when it comes to basketball, says his pro Knickerbockers will go in more for "control" or "possession" play in the future. . . . Instead of trying 85 shots per game, the Knicks will take only 70. . . . Must be its a "trend," what with Missouri, Oklahoma and St. John's cashing in on holding the ball—and playing zone defenses—and making the fans like it. . . . Could be the customers like a tight game where every basket means something better than the firehouse stuff. . . . The Arizona cage team which plays CCNY tonight, has won 71 consecutive games on its home court. . . . Jim Thorpe and his Mrs. have sold their Los Angeles restaurant. . . . Bud Wilkinson claims that Oklahoma and Texas produce more good athletes per 1,000 persons than any other section, mostly because of climatic advantages. . . . That sounds like a good way to start an argument.

### TRIPPED ON TRAPS

When the Texas U. basketball team started its recent eastern tour, Coach Jack Gray had four players draw lots for the last two places on the 12-man traveling squad. . . . The losers were promised a visit to the Oklahoma City tournament which began last night. . . . Then Jack found he'd have to take 14 players to Oklahoma to keep his promise, because one of the two "extras," 5-8 Leon Black, had won a starting spot and the other, 6-8 Ted Price, had become one of his best replacements.

### SPORTS BEFORE YOUR EYES

Word from North Carolina is that the "insiders," Athletic Director Eddie Cameron and backfield Coach Ace Parker, have the inside track to succeed Wallace Wade as Duke football coach. . . . Don Meineke, the 6-foot-7 Dayton U. basketball player who scored 152 points in the first nine games, has been rejected by the army as too tall. . . . The Johnstown, Pa., Dapper Dan club established a precedent of some sort by having the entire Associated Press All-Scholastic football team at a banquet this month. A goodly number of college coaches also attended.

## 4 UNANIMOUS CHOICES FOR ALL PRO TEAM

New York, Dec. 28 (AP)—Halfbacks Doak Walker of the Detroit Lions and Joe Geri of the Pittsburgh Steelers, Fullback Marion Motley of the Cleveland Browns and End Tom Fears of the Los Angeles Rams were unanimous choices for The Associated Press 1950 All-Pro football team. They drew votes from sports writers in every National League city in which they performed.

Walker, Southern Methodist's All-America of 1949, paced the National league in scoring with 128 points in his freshman season, making him the rookie of the year.

Besides running and passing the Doaker did just about everything expected of a triple threat back. He made 11 touchdowns, kicked 38 of 41 extra point attempts and made eight field goals in 18 efforts to tally the second best point total in the history of the NFL. He also passed, kicked off, blocked and tackled.

### Three Bears Picked

Three Chicago Bears made the first team. They were quarterback Johnny Lujack who, by scoring 109 points, became the Bears best point getter in history. Tackle George Connor and Guard Dick Barwegen, formerly with the Baltimore Colts.

The other four All-Pro places were filled by End Dan Edwards of the New York Yanks, Center Charley (Chuck) Bednarik of the Philadelphia Eagles, Tackle Arnie Weinmeister of the New York Giants and Guard Joe Signaio of the Yanks.

The team includes four former All-Americans. Besides Walker, they are Lujack and Connor of Notre Dame fame and Bednarik of Penn.

The second team includes ends Mac Speedie of Cleveland and Cloyce Box of Detroit, tackles Dick Huffman and Bob Reinhard of Los Angeles, guards Garrard Ramsey of the Chicago Cardinals and Ray Bray of the Chicago Bears and Center Clayton Tonnemaker of Green Bay in the line. The No. 2 backfield consists of Bob Waterfield of Los Angeles, Billy Grimes of Green Bay, John Strzykalski of San Francisco and Dick Hoerner of Los Angeles.

The All-Pro players were voted by Associated Press sports writers in 11 National League cities.

### Motley Best on Ground

Motley, the former Nevada star, led the league ground gainers, traveling 810 yards on 140 efforts for a 5.8 yard average.

Geri was the main cog in Pittsburgh's attack. He gained 705 yards on the ground from a single wing attack to rank third in the league. He also was the circuit's No. 3 passer based on average gain per pass attempted. He scored 64 points to tie for ninth place in scoring and averaged 40.7 yards per punt, sixth best in the league.

Lujack gained 1,731 yards passing, fifth best figure in the circuit. Notre Dame's two-time All-America carried the ball for 11 touchdowns, made 34 of 35 extra point attempts and kicked three of the five field goals he tried.

## SAY UN COULD HAVE HELD ON AT BEACHHEAD

By TOM BRADSHAW

Tokyo, Dec. 28 (AP)—The successful Allied withdrawal from the Hungnam beachhead in Korea has prompted top brass here to say it could have been held indefinitely.

That opinion appeared based on one prime factor—the belief the tremendous curtain of firepower lowered around the beachhead by artillery, naval guns and air support shut the United Nations force off from enemy attack of any magnitude.

The Tenth Army Corps was snatched to safety with most of its supplies while a Communist force now estimated at more than 1,350,000 men was available to annihilate it.

### The Big Question

Some military strategists even go so far as to say that the Hungnam operation could be carried out again and again in Korea—provided the setting permitted close naval gunfire support. Some points on Korea's west coast, for instance are too rocky and the offshore water too shallow to accommodate battleships and cruisers.

The big question is, can the same sort of operation be effected if and when U.N. forces are driven back to Pusan or some other pocket? The answer seems to be a qualified no. That is, not until the withdrawing force had been sufficiently reduced in size and the defensive perimeter contracted to a mere 8,000 yards.

The defense perimeter to which the U.N. forces were driven at Pusan early in the Korean war extended 120 miles—many times greater than the distances involved at Hungnam. Another factor to be considered is that any planned withdrawal from Pusan would involve the Eighth Army as well as the Tenth Corps and the ROK (Republic of Korea) forces.

### One Thing Proved

And the Red hordes—strangely inactive on the Hungnam perimeter—might react differently if they thought they were near their declared goal, pushing the U.N. Army into the sea of Japan.

Not only were the Communists conspicuous by their offensive absence at Hungnam, they also failed to provide any air or submarine opposition. Even the most optimistic military bigwigs will admit here that the Hungnam operation might have been a different story if enemy jets, bombers and undersea boats had appeared.

Certainly under air and sub attack the Navy could not have evacuated 110,000 North Korean civilians as it did. Hungnam did prove one thing—under the right conditions vast numbers of troops and supplies can be saved to fight again another day.

Pittsburgh, Dec. 28 (AP)—A cerebral hemorrhage has taken the life of the Reverend Walter Lee Ewing, 69, superintendent of the Allegheny district, Pittsburgh conference of the Methodist church.

Dr. Ewing, who died Monday, was pastor of the Calvary Methodist church in Pittsburgh for 10 years before assuming the superintendency. He also held pastorates in Terre Haute and Indianapolis, Ind., and Cedar Rapids and Des Moines, Ia. He served parishes in Ohio, Massachusetts and Illinois early in his career.

Government distribution of coins fell to a 15-year low in 1950.

## Debate Looms On New Penna. Taxes

Harrisburg, Dec. 28 (AP)—The possibility of new taxes—including a general sales tax—promises some lively debates in the 1951 legislature.

The size of the lawmakers' money-raising headache, however, will depend on how much additional revenue is needed to finance state operations the next two years. Estimates of additional money needed range from \$70,000,000 to \$200,000,000.

Gov. James H. Duff estimated in the 1950 election campaign that his successor would not have to raise more than \$70,000,000 in additional money. However, Richardson Dilworth, Philadelphia city treasurer and defeated gubernatorial candidate, put the figure closer to \$200,000,000.

In addition, the State Chamber of Commerce estimated prior to the Korean war that the 1951-53 legislature would have to raise anywhere from \$115,000,000 to \$200,000,000. It said later, however, that was conditions have completely upset that estimate.

## ARMY ISSUES MARCH CALL FOR 80,000

This will bring the total of army requests for draftees to 450,000 since the outbreak of the Korean War.

## State Farm Income Lags Behind '49

Harrisburg, Dec. 28 (AP)—Farm income in Pennsylvania totaled \$610,928,000 for the first 10 months of 1950—a lag of \$44,362,000 behind the rate for the period a year ago.

A Federal-State survey showed also that cash income received by farmers for October amounted to \$61,426,000, a decline of \$1,147,000 under the level of October, 1949.

The survey reported a slight gain in cash income from Pennsylvania livestock and livestock products, including milk and eggs, during October, however, that gain was more than offset by a drop of \$1,448,000 in receipts for field and fruit crops.

"Expenses of farm operation in Pennsylvania have been increasing steadily for many months," said Miles Horst, State Agriculture Secretary. "Skilled workers are growing scarcer and the need for increasing production in 1951 presents a real problem to farmers of the state."

## Today's Talk

By GEORGE MATTHEWS ADAMS

### THE GOSPEL OF ACCEPTANCE

What a loss of power and influence we experience when we rebel without reason, or unthinkingly complain. How rich the poorest of us are in genuine blessings that surround us like an aura! Events and emergencies, sorrows and losses, arrive unexpectedly to us all. How spiritually superior is that gospel of acceptance — armored with faith! Life is here. We are in it. A cheerful acceptance of its problems and responsibilities are a part of us, as much as the air we breathe that gives us life. One of the really heroic men in American life was the Secretary of the Interior in President Wilson's cabinet, Franklin K. Lane, Canadian born. He became gravely ill and went to the Mayo clinic for examination. An operation was performed, and the decision of the surgeon was one of fatality. The great man merely smiled and said: "I accept!"

Never was it meant, however, that we should accept all conditions and emergencies without doing something about them. Our responsibility lies in each solution. We must accept each challenge to our well being and that of the world. We cannot happily live to ourselves alone. We are constantly faced with conditions as they are, not as we would have them. Acceptance then becomes both an opportunity and an obligation.

Only as we get realistic are we granted clear vision. From that point on we can become constructive. The gospel of acceptance is gemmed with will and courage. Every individual, or national challenge has had its inception in the acceptance of conditions as they were. From then on, step by step, has emerged the final triumph.

Even Christ stated that "the poor always ye have with you." But by that statement he did not mean that we should ever neglect the poor. We have evil with us, and always will, but that does not excuse our not stamping it out wherever we can. The task of the world is to build a better one. The task of government is as Gladstone once stated — to make it easier for people to do right and difficult to do wrong.

Tomorrow Mr. Adams will talk on the subject: "Dog To All."

## Just Folks

By EDGAR A. GUEST

### JUST ONE LAST PUFF

Father just smoking the first of the year.  
Put up his pipes as he uttered his vow:  
"Mother," he'd say, "get these things out of here.  
Just one last puff, and I'm taking it now!"

"Just one last puff, then forever no more.  
Meerschaum or briar or bowl made of clay."  
Mother just smiled. She had heard him before:  
"Just one last puff and then put them away."

Father believed that he meant what he said,  
But peevish and petulant strangely he grew.  
Sharply he'd order us children to bed.  
Mother just smiled for the reason she knew.

"You've gone without smoking," she'd say, "long enough.  
Cross words in this home we don't like to hear.  
So fill up your pipe! You can take that last puff  
Once more when we come to the end of the year."

## Truman Appointees Face Senate Test

Washington, Dec. 28 (AP)—The administration appeared headed for trouble today with the new Congress over the five persons named by President Truman to the Subversives Activities Control board.

Chairman McCarran (D-Nev.) of the Senate Judiciary committee, said he had heard "some rather serious comments about some of them."  
"I think there will be a demand for hearings," he told reporters, adding that the committee probably would start looking into the appointments soon after the new Congress organizes next Monday. He did not elaborate on what he said he had heard.

The five-member board, named by President Truman last November 27 and now serving under recess appointments, is composed of Seth W. Richardson of Washington, chairman; Peter Campbell Brown of New York; Charles M. LaFollette of Virginia; David J. Coddair of Massachusetts, and Miss Kathryn McHale of Indiana.

## Holiday Drinking Will Be Curtailed

(By The Associated Press)  
Wails rather than wassails will be the reluctant note of the big evening as the New Year chimes ring out in Pennsylvania.

Among drinkers, that is, who like to savor their year-end fun amidst the hubbub and color and conviviality of taprooms, cocktail lounges and simple saloons.

The last day of the old year being Sunday, the state's "Blue" law, nearly 100 years old, gives the quietus to customary jollity in public drinking places. Under the law, no alcoholic drinks can be bought on public premises until 7 a.m. Monday, January 1. And by that time the festive fever is likely to have spent itself, or to have been so frustrated that opening up time will hardly raise a blink from a bleary eye.

### KILLED IN CRASH

Philadelphia, Dec. 28 (AP)—William F. Lundgren, an executive of the Budd company, was killed Tuesday in an automobile accident in suburban Mt. Airy. The 41-year-old Lundgren, who lived in Merion, was personnel manager of Budd's Red Lion plant which manufactures railroad cars. He was born in Emmaus, Pa.

### FAMILY BIBLE STOLEN

Los Angeles, Dec. 28 (AP)—While he and his family attended holiday church services, James D. Mills told police yesterday, a thief entered their home and stole an 18-pound turkey, \$40 worth of gifts from under the Christmas tree—and the family bible.

Frankfurt, Germany, Dec. 28 (AP)—The heaviest snow in 61 years smothered the southern two-thirds of Western Germany today. The snowfall, which began on Christmas Night, ranged from 13 inches on the plains around Frankfurt to 68 inches in the Alp mountains. It was still falling slowly at midday.

New York, Dec. 28 (AP)—In one of the sharpest rises of the year the Dun & Bradstreet wholesale food price index this year soared 10 cents to \$6.90—highest since September 14, 1948. At the new level, the index was 20.6 per cent over the year-ago index of \$5.72. The record peak was \$7.36 on July 13, 1948.

Gladys Kane and Miss Sullivan, of Baltimore.

Mrs. Clyde Wilson and son, Melvin, and Mr. and Mrs. John Martin were Christmas visitors at Bethlehem, Pa.

## Today's Talk

By GEORGE MATTHEWS ADAMS

### THE GOSPEL OF ACCEPTANCE

What a loss of power and influence we experience when we rebel without reason, or unthinkingly complain. How rich the poorest of us are in genuine blessings that surround us like an aura! Events and emergencies, sorrows and losses, arrive unexpectedly to us all. How spiritually superior is that gospel of acceptance—armored with faith!

Life is here. We are in it. A cheerful acceptance of its problems and responsibilities are a part of us, as much as the air we breathe that gives us life. One of the really heroic men in American life was the Secretary of the Interior in President Wilson's cabinet, Franklin K. Lane, Canadian born. He became gravely ill and went to the Mayo clinic for examination. An operation was performed, and the decision of the surgeon was one of fatality. The great man merely smiled and said: "I accept!"

Never was it meant, however, that we should accept all conditions and emergencies without doing something about them. Our responsibility lies in each solution. We must accept each challenge to our well being and that of the world. We cannot happily live to ourselves alone. We are constantly faced with conditions as they are, not as we would have them. Acceptance then becomes both an opportunity and an obligation.

Only as we get realistic are we granted clear vision. From that point on we can become constructive. The gospel of acceptance is gemmed with will and courage. Every individual, or national challenge has had its inception in the acceptance of conditions as they were. From then on, step by step, has emerged the final triumph.

Even Christ stated that "the poor always ye have with you." But by that statement he did not mean that we should ever neglect the poor. We have evil with us, and always will, but that does not excuse our not stamping it out wherever we can. The task of the world is to build a better one. The task of government is as Gladstone once stated—to make it easier for people to do right and difficult to do wrong.

Tomorrow Mr. Adams will talk on the subject: "Dog To All."

### JUST ONE LAST PUFF

Father quit smoking the first of the year.  
Put up his pipes as he uttered his vow:  
"Mother," he'd say, "get these things out of here.  
Just one last puff, and I'm taking it now!"

"Just one last puff, then forever no more.

Meerschaum or briar or bowl made of clay."

Mother just smiled. She had heard him before:

"Just one last puff and then put them away."

Father believed that he meant what he said.

But peevish and petulant strangely he grew.

Sharply he'd order us children to bed.

Mother just smiled for the reason she knew.

"You've gone without smoking," she'd say, "long enough.

Cross words in this home we don't like to hear.

So fill up your pipe! You can take that last puff!

Once more when we come to the end of the year."

### JR. RED CROSS COUNCIL MEETS

The members of the Junior Red Cross councils of the high schools of Adams county held a meeting on Wednesday evening in the cafeteria and music room of the Littlestown Junior-Senior high school. There was a business meeting and social hour after which refreshments were served. Included in the program was a round table discussion by three German students of Gettysburg high school and an advisor. The boys came from Germany to live in the United States in the earlier part of the summer. A Christmas carol, "Silent Night," was sung by these foreign pupils in the German language.

The Littlestown high school Red Cross council has completed its membership drive in which a total of \$24.93 was collected. To encourage this project four movies on Red Cross work throughout the nation were presented in assembly.

The local high school club was Christmas favors for the county home; stuffed toys, night gowns, and foreign albums for yearly projects. The club members purchased a model doll and clothing to be used in the home nursing classes, taught by school nurse, Mrs. Brenda B. Walker.

Alto sanatorium, where he is a patient. The class presented a gift to Mr. Basehoar. During the business session it was decided by the members of the class to hold a minstrel show in the church social hall in February, since the same type of show held last year was very successful. The meeting closed with a social hour and refreshments served to the group.

## Truman Appointees Face Senate Test

Washington, Dec. 28 (AP)—The administration appeared headed for trouble today with the new Congress over the five persons named by President Truman to the Subversive Activities Control board.

Chairman McCarran (D-Nev.) of the Senate Judiciary committee, said he had heard "some rather serious comments about some of them."

"I think there will be a demand for hearings," he told reporters, adding that the committee probably would start looking into the appointments soon after the new Congress organizes next Monday. He did not elaborate on what he said he had heard.

The five-member board, named by President Truman last November 27 and now serving under recess appointments, is composed of Seth W. Richardson of Washington, chairman; Peter Campbell Brown of New York; Charles M. LaFollette of Virginia; David J. Coddare of Massachusetts, and Miss Kathryn McHale of Indiana.

## Holiday Drinking Will Be Curtailed

(By The Associated Press)

Walls rather than wassails will be the reluctant note of the big evening as the New Year chimes ring out in Pennsylvania.

Among drinkers, that is, who like to savor their year-end fun amidst the hubbub and chaos and conviviality of taprooms, cocktail lounges and simple saloons.

The last day of the old year being Sunday, the state's "Blue" law, nearly 100 years old, gives the quietest to customary jollity in public drinking places. Under the law, no alcoholic drinks can be bought on public premises until 7 a.m. Monday, January 1. And by that time the festive fever is likely to have spent itself, or to have been so frustrated that opening up time will hardly raise a blink from a bleary eye.

### FAMILY BIBLE STOLEN

Frankfurt, Germany, Dec. 28 (AP)—The heaviest snow in 61 years smothered the southern two-thirds of Western Germany today. The snowfall, which began on Christmas night, ranged from 13 inches on the plains around Frankfurt to 68 inches in the Alp mountains. It was still falling slowly at midday.

New York, Dec. 28 (AP)—In one of the sharpest rises of the year the Dun & Bradstreet wholesale food price index this year soared 10 cents to \$6.99—highest since September 14, 1948. At the new level, the index was 20.6 per cent over the year-ago index of \$5.72. The record peak was \$7.36 on July 13, 1948.

AMUSEMENT TAX  
WILL BE USED  
FOR ADDITION

The proposal for building a ten by ten-foot addition at the rear of the Alpha fire house, to house the ambulance, was tabled at the regular meeting of the Littlestown borough council Tuesday evening.

Council, however, voted to instruct the budget committee to set up a building fund from anticipated revenues from the new "admissions and pin ball tax ordinance."

President John N. Sell presided at the meeting, held in the office of Roger J. Keefer, borough secretary.

Councilman Erwin A. Rebert, chairman of the street committee, reported that he had placed stone on Prince street during the past week. Several names were suggested for street commissioner and it was decided that Councilman Rebert or Secretary Keefer get in touch with these men. If the position is accepted the new commissioner's employment will start in January. If not accepted the councilman authorized Secretary Keefer to advertise for a street commissioner.

**Light For Policemen**  
Burgess Herbert J. Motter brought before the council a request that a signal light be installed on the utility pole outside the telephone exchange with the control switch inside the telephone office, to be used for signaling the need of a policeman. The motion was carried and the Metropolitan Edison company will be requested to make the installation.

Secretary Keefer informed council that during the past week, application was made to the Maryland Casualty company for transfer of the liability insurance on the American LaFrance GMC fire truck to the recently-purchased Mack fire truck. The amount of insurance was increased.

Building permits were granted to the following: Nellie M. Hoffman, 332 East King street, to excavate and construct a cement basement 4 feet by 6 feet; Sylvia Lodge No. 613, 100P, to erect an electric display clock at 10 East King street; Charles W. Kump, 45-47 West Myrtle street, to replace a composition roof on a two-story cement block dwelling.

Treasurer John H. Flickinger reported the following receipts: Parking fines, \$39; a donation of \$25 from the Lincoln Bus company, Hanover, for parking space for 1950; from the Manufacturers Light and Heat company, excavation permits, \$14; from Justice of the Peace F. Loy Lindaman, for illegal parking, \$12; from Field C. Epleman, tax collector, for 1949 final payment of all taxes to 1950, real estate and occupation general borough purposes, \$119.40; real estate and occupation sinking fund, \$13.18, total, \$132.58; from Secretary Keefer from Montgomery Ward and company, Hanover, for distributing circulars, fine, \$1.

There was received from the state the fourth installment of highway aid, \$547.90; from Cookson Brothers for sewer pipe, \$91.20, total receipts, \$862.68. The total borough fund expenditures amounted to \$1,349.58 and were ordered paid. The water fund expenditures were \$769.35; \$6.15 was paid for parking meter service and the sanitary sewer fund expenditures for December amounted to \$316.69. The grand total for all fund expenditures for the month was \$2,441.77.

**Transfer Unexpended Funds**  
The finance committee, composed of Councilmen Rebert, Fox and Rittace, will meet January 12 to set up the budget. The financial condition of the general borough, water and sewer funds was discussed. Since some items of the budget had over-run their appropriation, council decided to appropriate from unexpended funds.

Tax Collector Epleman gave his final report and made his final payment of all outstanding taxes to 1949 inclusive, a total of \$232.51.

Burgess Motter requested that the first parking meter on the south side of West King street be moved to the police parking space on the north side of West King street, in front of the VFW home, and that the police parking space be established on the south side of West King street where the parking meter is now located. After discussing the matter at length the change was authorized. The street committee was also authorized to erect the appropriate signs and if necessary purchase sufficient signs for erection on Newark street.

Council adjourned to January 23, when it will meet at 7 p.m. in the office of the secretary. Those present at the Tuesday evening meeting were: President, John N. Sell; Councilmen Walter I. DeGroot, Erwin A. Rebert, Roscoe W. Rittace, Lewis H. Fox and Vernon C. Reaver, and Burgess Herbert J. Motter, Treasurer John H. Flickinger, and Secretary Roger J. Keefer.

\$5,000 BLAZE AT  
EMMITSBURG

The Emmitsburg firemen were called at 10:30 o'clock Wednesday night to the home of John Long, near Motters, where a garage and implement building containing a new Oldsmobile and valuable farm tools was completely destroyed by fire of unknown origin.

Both Emmitsburg and Thurmont fire companies responded to the call but the building was too far gone to be saved. The fire was so far advanced when it was discovered by the Longs that nothing was rescued. Firemen were also handicapped by the zero temperature and lack of water, but were able to bring the fire under control before it could spread to any of the other buildings. The loss including the car and the building was estimated to be above \$5,000.

### ORNAMENTAL SHRUB SUGGESTIONS

**Abelia**—This shrub comes as near deserving the definition—everblooming—as any ornamental available. The species listed as *A. grandiflora* is recommended. Too, it is almost wholly evergreen in foliage habits. Many nurseries list it among their broad-leaved evergreens.

**Azaleas**—To judge this evergreen shrub by the scrawny old specimens often seen struggling for existence in neglect is to miss one of the finest of flowering plants. To persons who have not been interested in azalea culture it may be astonishing to learn that there are at least a dozen or more types and shades. Like most other broad-leaved evergreens, this plant demands an acid soil.

**Viburnums**—In this so-called "Snowball" genus of shrubs are found many less widely grown species and varieties which merit a place in every grower's plans. Some bear attractive fruits over winter; some are exceptionally sweet smelling; all bear profusions of beautiful flowers.

**Hydrangea**—Hardy sorts suitable for outdoor growing often remain ordinary ornamentals because they are not properly pruned each year. If this plant is kept thriving so its vigor permits heavy pruning, the grower will be astonished at the beauty of foliage and flower.

**Forsythia**—Better known as Golden Bell, this shrub is admired for its brilliant panicles of yellow flowers in early spring before foliage appears. But what may interest beginners is the fact that the full glory of Forsythia is not known until the plant is kept thriving by proper care, particularly by intelligent

pruning to bring out its maximum beauty.

**Calliandra**—This unusually attractive shrub is better known as Beautyberry, derived from its botanical name which means "Kalos" for beautiful, and "carpos" for berry. Here again rather severe pruning is advisable to bring out the full potential beauties of both foliage and fruits.

**Spiraea**—There are so many fine species and varieties available that abundance of merit adds to the problems of choice. From the old-fashioned Bridal Wreath to the latest improved named type, spiraea clamor for a place in the home grounds.

**Deutzia**—Often readers write the editor to ask his personal preferences among certain kinds of ornamental plants. The answer when deutzias are involved is always easy—Pride of Rochester. Of course, there are other deserving sorts but this is always a stand-by of unquestionable merit.

**Lulac**—The old-fashioned purple kinds remain among the favorites. But, too, some of the newer French hybrids should be included.

**Exochorda**—Better known as Pearlbush, this shrub is worthy for its flowers in late spring but particularly for its deluges of white fruits over winter.

But the shrub list does not stop with these mentioned few. There are dogwoods, flowering quince, calycanthus, the improved Rose of Sharon, several improved Mock-orange, weigelas, elders, sumacs, and at least a score others which warrant investigation before making choices for early spring planting.

Paris, Dec. 28 (AP)—The U. S. Army has announced Gen. Dwight Eisenhower's temporary headquarters as supreme commander of the Atlantic Pact army will be in the Hotel Astoria in Paris. The announcement

### ORNAMENTAL SHRUB SUGGESTIONS

**Abelia**—This shrub comes as near deserving the definition—everblooming—as any ornamental available. The species listed as *A. grandiflora* is recommended. Too, it is almost wholly evergreen in foliage habits. Many nurseries list it among their broad-leaved evergreens.

**Azaleas**—To judge this evergreen shrub by the scrawny old specimens often seen struggling for existence in neglect is to miss one of the finest of flowering plants. To persons who have not been interested in azalea culture it may be astonishing to learn that there are at least a dozen or more types and shades. Like most other broad-leaved evergreens, this plant demands an acid soil.

**Viburnums**—In this so-called "Snowball" genus of shrubs are found many less widely grown species and varieties which merit a place in every grower's plans. Some bear attractive fruits over winter; some are exceptionally sweet smelling; all bear profusions of beautiful flowers.

**Hydrangea**—Hardy sorts suitable for outdoor growing often remain ordinary ornamentals because they are not properly pruned each year. If this plant is kept thriving so its vigor permits heavy pruning, the grower will be astonished at the beauty of foliage and flower.

**Forsythia**—Better known as Golden Bell, this shrub is admired for its brilliant panicles of yellow flowers in early spring before foliage appears. But what may interest beginners is the fact that the full glory of Forsythia is not known until the plant is kept thriving by proper care, particularly by intelligent

pruning to bring out its maximum beauty.

**Callicarpa**—This unusually attractive shrub is better known as Beautyberry, derived from its botanical name which means "Kalos" for beautiful, and "carpos" for berry. Here again rather severe pruning is advisable to bring out the full potential beauties of both foliage and fruits.

**Spiraea**—There are so many fine species and varieties available that abundance of merit adds to the problems of choice. From the old-fashioned Bridal Wreath to the latest improved named type, spiraea clamor for a place in the home grounds.

**Deutzia**—Often readers write the editor to ask his personal preferences among certain kinds of ornamental plants. The answer when deutzias are involved is always easy—Pride of Rochester. Of course, there are other deserving sorts but this is always a stand-by of unquestionable merit.

**Lilacs**—The old-fashioned purple kinds remain among the favorites. But, too, some of the newer French hybrids should be included.

**Exochorda**—Better known as Pearlbush, this shrub is worthy for its flowers in late spring but particularly for its deluges of white fruits over winter.

But the shrub list does not stop with these mentioned few. There are dogwoods, flowering quince, calycanthus, the improved Rose of Sharon, several improved Mock-orange, weigela, elders, sumacs, and at least a score others which warrant investigation before making choices for early spring planting.

## Littlestown

AMUSEMENT TAX  
WILL BE USED  
FOR ADDITION

The proposal for building a ten by ten-foot addition at the rear of the Alpha fire house, to house the ambulance, was tabled at the regular meeting of the Littlestown borough council Tuesday evening.

Council, however, voted to instruct the budget committee to set up a building fund from anticipated revenues from the new "admissions and pin ball tax ordinance."

President John N. Sell presided at the meeting, held in the office of Roger J. Keefer, borough secretary.

Councilman Erwin A. Rebert, chairman of the street committee, reported that he had placed stone on Prince street during the past week. Several names were suggested for street commissioner and it was decided that Councilman Rebert or Secretary Keefer get in touch with these men. If the position is accepted the new commissioner's employment will start in January. If not accepted the councilmen authorized Secretary Keefer to advertise for a street commissioner.

**Light For Policemen**  
Burgess Herbert J. Motter brought before the council a request that a signal light be installed on the utility pole outside the telephone exchange with the control switch inside the telephone office, to be used for signaling the need of a policeman. The motion was carried and the Metropolitan Edison company will be requested to make the installation.

Secretary Keefer informed council that during the past week, application was made to the Maryland Casualty company for transfer of the liability insurance on the American LeFrance GMC fire truck to the recently-purchased Mack fire truck. The amount of insurance was increased.

Building permits were granted to the following: Nellie M. Hoffman, 332 East King street, to excavate and construct a cement basement about 6 feet; Sylvia Lodge No. 613, IOOF, to erect an electric display block at 10 East King street; Charles W. Kump, 45-47 West Myrtle street, to replace a composition roof on a two-story cement block dwelling.

Treasurer John H. Flickinger reported the following receipts: Parking fines, \$89; a donation of \$25 from the Lincoln Bus company, Hanover, for parking space for 1950; from the Manufacturers Light and Heat company, excavation permits, \$14; from Justice of the Peace F. Loy Lindemann, for illegal parking, \$12; from Reid C. Eppelman, tax collector, for 1949 final payment of all taxes to 1950, real estate and occupation general borough purposes, \$119.40; real estate and occupation sinking fund, \$13.18, total, \$132.58; from Secretary Keefer from Montgomery Ward and company, Hanover, for distributing circulars, fine, \$1.

There was received from the state the fourth installment of highway aid, \$547.90; from Cookson Brothers for sewer pipe, \$81.20, total receipts, \$682.68. The total borough fund expenditures amounted to \$1,349.58 and were ordered paid. The water fund expenditures were \$769.35; \$6.15 was paid for parking meter service and the sanitary sewer fund expenditures for December amounted to \$316.69. The grand total for all fund expenditures for the month was \$2,441.77.

**Transfer Unexpended Funds**  
The finance committee, composed of Councilmen Rebert, Fox and Rittace, will meet January 12 to set up the budget. The financial condition of the general borough, water and sewer funds was discussed. Since some items of the budget had over-run their appropriation, council decided to appropriate from unexpended funds.

Tax Collector Eppelman gave his final report and made his final payment of all outstanding taxes to 1949 inclusive, a total of \$232.31.

Burgess Motter requested that the first parking meter on the south side of West King street be moved to the police parking space on the north side of West King street, in front of the VFW home, and that the police parking space be established on the south side of West King street where the parking meter is now located. After discussing the matter at length the change was authorized. The street committee was also authorized to erect the appropriate signs and if necessary purchase sufficient signs for erection on Newark street.

Council adjourned to January 23, when it will meet at 7 p.m. in the office of the secretary. Those present at the Tuesday evening meeting were: President, John N. Sell; Councilmen Walter I. DeGroft, Erwin A. Rebert, Roscoe W. Rittace, Lewis H. Fox and Vernon C. Reaver, and Burgess Herbert J. Motter, Treasurer John H. Flickinger, and Secretary Roger J. Keefer.

\$5,000 BLAZE AT  
EMMITSBURG

The Emmitsburg firemen were called at 10:30 o'clock Wednesday night to the home of John Long, near Motters, where a garage and implement building containing a new Oldsmobile and valuable farm tools was completely destroyed by fire of unknown origin.

Both Emmitsburg and Thurmont fire companies responded to the call but the building was too far gone to be saved. The fire was so far advanced when it was discovered by the Longs that nothing was rescued. Firemen were also handicapped by the zero temperature and lack of water, but were able to bring the fire under control before it could spread to any of the other buildings. The loss including the car and the building was estimated to be above \$5,000.

A number of changes of interest to local sportsmen have been made in the Maryland fishing rules. The closed season has been removed on a number of species of fish by the Maryland Game and Fish Commission. The new law applies to suckers, sunfish, eels, crappies, yellow perch, striped bass, fallfish, Catfish remain on the closed season list for Frederick county. The open season for this species is February 15 to November 30. A creel limit has been placed on crappies and rock fish of 10 each and 15 on suckers. In the Catoctin recreational area open season for trout will be April 15 to July 15 daily from 5:30 to 8 p.m. The creel limit continues to be five per day. Little Hunting creek continues to be closed to all fishing.

**Plan Holiday Dance**  
Mr. and Mrs. J. Ernest Fream, Taneytown R. 2, have announced the engagement of their daughter, Betty Jane, to George Wilbur Naylor, Jr., son of Mr. and Mrs. George Wilbur Naylor. Mr. Naylor is the grandson of Mr. and Mrs. George Naylor of East Main street, Emmitsburg.

The Luther League of the Emmitsburg church will hold a holiday dance in the Parish hall Friday night, beginning at 7:30 o'clock. All the young people of the community are invited to attend. The decorations, music and refreshment committees are: Shirley Troxell, Carrie Hahn, John Beegle, Fred Bower, Carolyn McNair, Ruth Unble, Donald Herring, Barbara Hays, Lewis Hahn, Clyde and Harold Kellholtz and Jean Troxell.

Mr. and Mrs. Ralph McDonnell and children, George and Carolyn, were the guests of Mr. and Mrs. Wilbur Ridge and daughter for a roast duck Christmas dinner on Christmas day.

# NEWS EVENTS OF 1950 IN PICTURE REVIEW

BY THE ASSOCIATED PRESS

**NATION'S WORST RAIL TRAGEDY**—Two passenger cars of Long Island Rail Road were telescoped in most tragic train wreck of 1950, with 78 dead, in Queens, New York, Nov. 22.

**OFFENSIVE IN KOREA**—Symbolic of Allied forward movement in Korea were onrushing Marines in September, moving past corpse, in picture taken by David Duncan of Life.

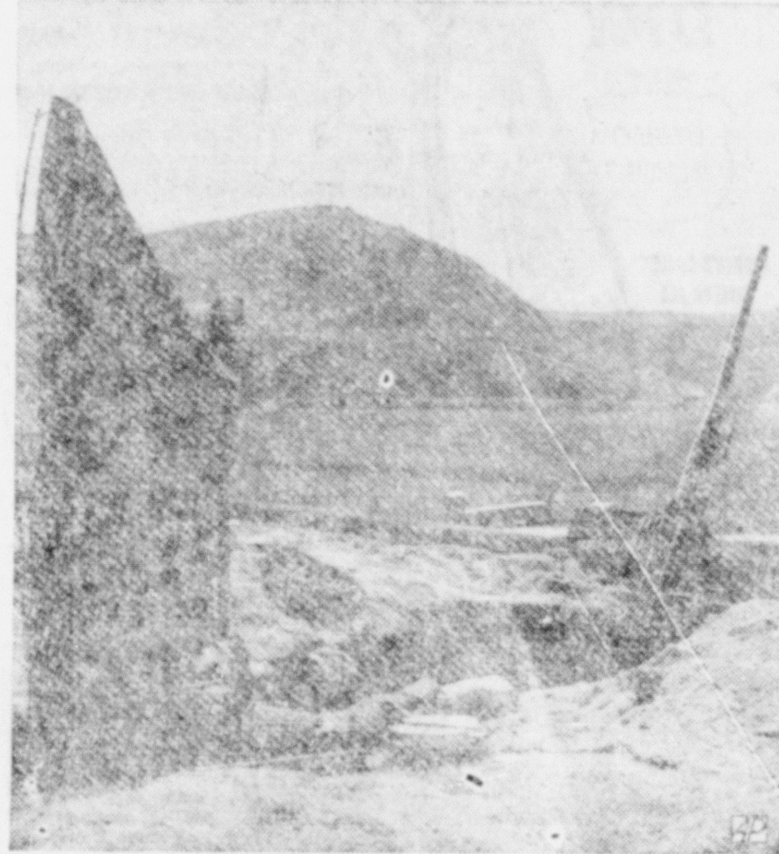

**ORPHANS OF WAR**—A crying Korean child and an older sister, alongside the body of their dead mother near Pyongyang, presented a tragic spectacle among war's non-combatants.

**MOVING THE MO**—January of 1950 saw nation's only battleship on active duty, U. S. S. Missouri, stuck on a Chesapeake Bay mudflat. Here tugboats strain to budge the Mighty Mo.

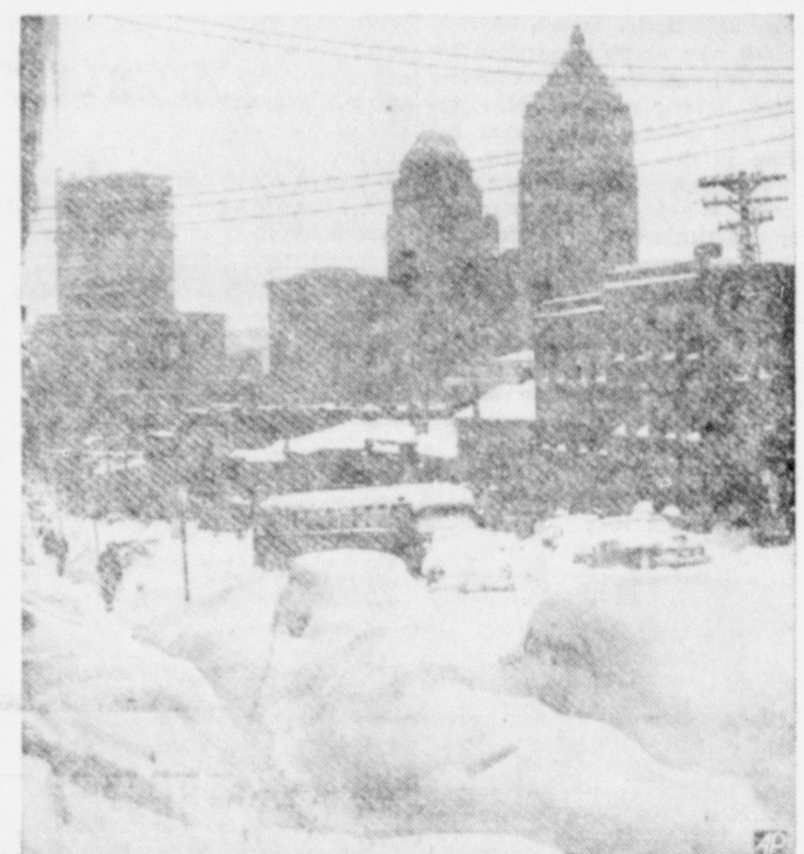

**CHINA COMMUNIST**—Gen. Wu Hsiu-Chuan, Communist China's leader at UN, ponders President Truman's announcement that use of atomic bomb in Korea was considered.

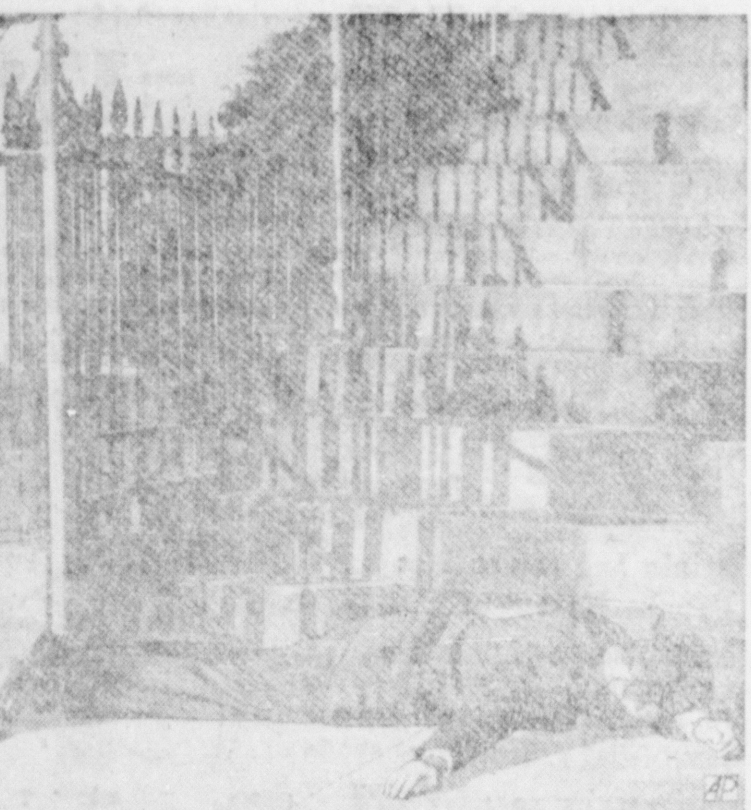

**REST IN KOREA**—Weary from long duty, this U. S. soldier slumped down to rest alongside his machine gun dugout on the Korean front during the bitter days of last August near Pusan.

**SOVIET'S SPEAKER**—Soviet Russia's Foreign Minister Andrei Vishinsky (above) continued his policy of pouring vituperation onto United Nations action in Korea.

**WEATHER TO TALK ABOUT**—Weather made some big news in 1950, including November storms. Typical of the resulting paralysis was this scene along Pittsburgh's Webster Ave.

**AFTER BLAIR HOUSE BATTLE**—November 1 brought gunfire to Washington as two assassins tried to kill President Truman at Blair House, his home. One gunman, Oscar Collazo, lay wounded at bottom of Blair House front steps and second was killed by President's police guard. One guard lost his life.

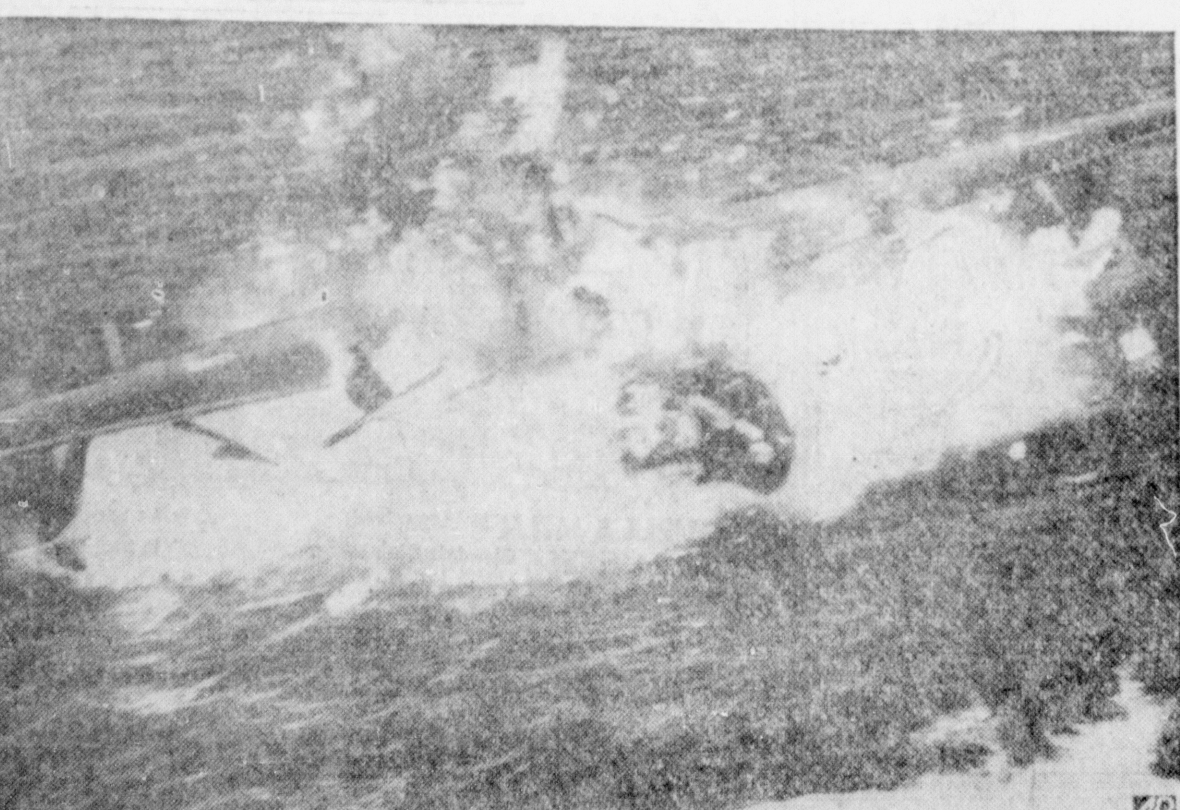

**CHICAGO'S DISASTER**—Firemen and rescue workers remove bodies of more than 30 victims after crash of a street car with a gasoline truck in Chicago last May 25. Car passengers were trapped as the truck's gasoline set the trolley afire.

**TRUMAN HONORS MACARTHUR**—When President Truman and General Douglas MacArthur met for first time on Wake Island in mid-October, the chief executive pinned another cluster on MacArthur's Distinguished Service Medal.

**AFTER THE DELUGE**—In 1950's major flood last May in Winnipeg, Manitoba, necessity was the mother of invention as this car owner rigged up a rope and pulley from a tree to save his car, while bicycles were lashed to the roof of his home.

**NAVY FLYING BOAT EXPLODES**—Rarely has such a dramatic picture been made of a major plane crash as this view of the U. S. Navy flying boat Marshall Mars, taken as it exploded near Honolulu, April 6, by Joe Martin, Navy aviation photographer, from a helicopter.

**IN BATTLE OF WORDS**—Wisconsin's Sen. Joseph R. McCarthy (left) wagged admonishing finger often in 1950 as he made charges of Communist infiltration in State department. Owen Latimore (right), April 15, in Washington, denied McCarthy's allegation that Latimore was "Russia's top spy" in U. S.

**ROWS OF CIVILIAN KOREAN DEAD**—Bodies of some 400 South Korean civilians lie in and around trenches in the prison yard at Taejon, South Korea, in September. Retreating North Koreans had bound and slain civilians before Communist forces were driven from city.

# POPULAR FRONT IN EUROPE MAY BRING NEW WAR

By WILLIAM L. RYAN  
(AP Foreign Affairs Analyst)

If the strong suspicion that Soviet Communism will spring another "popular front" campaign on Europe proves correct, how can this be weighed against the chances for World War III?

We know the Communists of Western Europe are getting indication that they are giving ready to play footsie with the Socialists and other elements of the left. We know what it meant the last time they did this.

The period between 1929 and 1939 marked an industrious pursuit by the Soviet Union and world communism of what looked—outwardly, at least—like a policy of cooperation with other nations, both in foreign relations and domestic affairs.

The Soviet Union pursued the "popular front" idea of a common stand against fascism because she was badly frightened by the anti-Communist pact with Germany, Italy and Japan. The Soviet Union was unprepared for war. She needed more time. Then the Soviet Union pulled the rug out from under Europe's left in 1939 with the Hitler-Stalin pact, and then with the invasion of Finland. The popular front movement, fell apart.

Are Reds Still Stalling?

The question naturally arises: Is the Soviet Union once again intent upon stalling for time in Europe until she is ready?

There is some evidence at hand to support this view: The Soviet Union, Washington tells us, has the atom bomb. But nobody questions the statement that the United States is far, far ahead in production and stockpiling. This in itself is a powerful deterrent should the Russians be thinking of marching.

When President Truman, at his news conference November 30, mentioned that use of the atom bomb had been under consideration, it caused a sensation in the United States. One would have expected the Soviet propaganda organs to leap on such a statement with enthusiasm to portray the American President as the world's No. 1 bogeyman. But the Soviet press was silent, so far as the atom bomb is concerned. We have the word of the current Digest of the Soviet Press, which receives Soviet newspapers for translation in this country, that the words of the President on the atom bomb were not mentioned in the Russian papers. Why?

It could be that the rulers in the Kremlin are aware they would be no match for the Americans in an

atomic duel. Letting the Russian people know that the U. S. President had mentioned possible use of the atom bomb might suggest to them that atomic war is nearing reality—a melancholy thought for a people just emerging from the horrors of World War II.

**Bleeding Process**  
The Russians are enamored of the idea of "let's you and him fight." By their own doctrines they are convinced the house of capitalism will crumble eventually anyway. The idea is to help this process along by bleeding it through the constant aggravation of little wars and nervous preparedness.

But as for Russian readiness for the big show—despite all those divisions of troops she has—let us go back just a year or two. All our experts, who were supposed to know, said an eventual clash between the giants of the East and West was inevitable. But all estimated that it would be five, ten or even 15 years before Russia was ready. She was at least one, and perhaps three five-year plans away from readiness, they told us.

This was a year or two ago. Were all these experts wrong? Or in that short space of time, could the U.S.S.R. have made up such a slack? It seems hardly likely. What does seem likely is this: The U.S.S.R., realizing that America finally has been goaded into mobilization, is remembering with respect what American mobilization means. We are talking a language

The local parochial school, taught by the Sisters of Mercy, will resume classes January 2 after the holiday season. Christmas holidays for these children began Friday afternoon

worry and indifference

OVERANXIETY, particularly about health, is a disease in itself. Physicians call it hypochondria. Those who "enjoy" ill health only make themselves and those about them miserable.

Opposed to chronic worry is complete indifference, to the point of disregard of common-sense health rules and contempt for medical care.

Between these two absurd extremes lies the sane middle road. Petty, transient discomforts need not cause grave concern and frequent trips to the doctor. When symptoms persist or recur with annoying frequency, it is then time to seek professional assistance. Indifference under these circumstances only invites more serious trouble.

# POPULAR FRONT IN EUROPE MAY BRING NEW WAR

By WILLIAM L. RYAN  
(AP Foreign Affairs Analyst)

If the strong suspicion that Soviet Communism will spring another "popular front" campaign on Europe proves correct, how can this be weighed against the chances for World War III?

We know the Communists of Western Europe are giving indication that they are getting ready to play footsie with the Socialists and other elements of the left. We know that it meant the last time they did this.

The period between 1929 and 1939 marked an industrious pursuit by the Soviet Union and world communism of what looked outwardly, at least—like a policy of cooperation with other nations, both in foreign relations and domestic affairs.

The Soviet Union pursued the "popular front" idea of a common stand against fascism because she was badly frightened by the anti-Communist pact with Germany, Italy and Japan. The Soviet Union was unprepared for war. She needed more time. Then the Soviet Union pulled the rug out from under Europe's left in 1939 with the Hitler-Stalin pact, and then with the invasion of Finland. The popular front movement fell apart.

Are Reds Still Stalling? The question naturally arises: Is the Soviet Union once again intent upon stalling for time in Europe until she is ready?

There is some evidence at hand to support this view:

The Soviet Union, Washington tells us, has the atom bomb. But nobody questions the statement that the United States is far, far ahead in production and stockpiling. This in itself is a powerful deterrent should the Russians be thinking of marching.

When President Truman, at his news conference November 30, mentioned that use of the atom bomb had been under consideration, it caused a sensation in the United States. One would have expected the Soviet propaganda organs to leap on such a statement with enthusiasm to portray the American President as the world's No. 1 bogeyman. But the Soviet press was silent, so far as the atom bomb is concerned. We have the word of the current Digest of the Soviet Press, which receives Soviet newspapers for translation in this country, that the words of the President on the atom bomb were not mentioned in the Russian papers. Why?

It could be that the rulers in the Kremlin are aware they would be no match for the Americans in an

atomic duel. Letting the Russian people know that the U. S. President had mentioned possible use of the atom bomb might suggest to them that atomic war is nearing reality—a melancholy thought for a people just emerging from the horrors of World War II.

## Bleeding Process

The Russians are enamored of the idea of "let's you and him fight." By their own doctrines they are convinced the house of capitalism will crumble eventually anyway. The idea is to help this process along by bleeding it through the constant aggravation of little wars and nervous preparedness.

But as for Russian readiness for the big show—despite all those divisions of troops she has—let us go back just a year or two. All our experts, who were supposed to know, said an eventual clash between the giants of the East and West was inevitable. But all estimated that it would be five, ten or even 15 years before Russia was ready. She was at least one, and perhaps three five-year plans away from readiness, they told us.

This was a year or two ago. Were all these experts wrong? Or in that short space of time, could the U.S.S.R. have made up such a slack? It seems hardly likely.

What does seem likely is this: The U.S.S.R., realizing that America finally has been goaded into mobilization, is remembering with respect what American mobilization means. We are talking a language

## New Oxford

New Oxford — Harvey J. Smith, who has conducted a dry-cleaning and men's furnishing business here for several years, has sold the business to Luther Smith, East Berlin.

Word has been received by local relatives and friends that Harold W. Sanders, who re-entered the army recently, is making his home at his present post at Franklin, Ind., where his wife is with him. Sanders, now ranking as a first lieutenant, is the elder son of Mr. and Mrs. J. Felix Sanders, this place, and in recent years taught music in the East Berlin and Biglerville public schools.

A pre-Christmas banquet was tendered by the Livingston Shoe company to its employees during the past week, the meal being served at Dick and Ann's restaurant, near East Berlin.

Girl Scouts of this area plan to work after the holidays on two projects with a patriotic note, one the study of first aid and the other the preparation of a "school bag" to be presented to a child of the Philippines.

Among members of the community home-for-the-holidays are two young men who are studying at Mt. St. Mary's college, Emmitsburg. They are Robert L. Noel, a son of Mr. and Mrs. Arthur S. Noel, and Charles F. Noel, now that they understand. The popular front movement may indicate they have a slight touch of the jitters.

Miller, Jr., son of Charles F. Miller, Sr.

The new club for all girls of high school age of the local Catholic parish, organized this fall, has chosen the name, "Catholic Girls' Activity Club." It is open to all high school girls and also to girls of the same age who do not actually attend a high school.

Paul R. Shultz, near here, conducted public sale of his household and farming effects at his home on Saturday afternoon, having sold his place to his brother, William Shultz, East Berlin. Mrs. Paul Shultz, who has been very ill, is spending some time with a son by a former marriage, at his home near Cross Keys, and Mr. Shultz will join her there to spend the winter.

The local parochial school, taught by the Sisters of Mercy, will resume classes January 2 after the holiday season. Christmas holidays for these children began Friday afternoon

Washington, Dec. 28 (AP) — The Coast Guard today laid down new port and ship security rules designed to screen subversives from the ranks of the nation's maritime workers.

The security regulations were or-

dered into immediate effect by Coast Guard Commandant Merlin O'Neill.

He acted in the face of a strike threat at west coast ports, the embarkation point for men and supplies to Korea.

Utica, N. Y., Dec. 28 (AP) — Bundles of Christmas cards were stacked all about little Donna Pronto's bedroom today. There were 10,000 greetings for the bed-ridden child, who wanted cards for Christmas. Donna is given one bundle a day. So far she has opened more than 4,000.

Oslo, Norway, Dec. 28 (AP) — Trygve Lie said on Tuesday that a United Nations failure to stop the Communist attack on South Korea would doom U.N. hopes for achieving its aims there or any other place. The United Nations secretary general declared that U.N. forces must not give up in Korea, even though it might mean war with Red China.

worry and indifference

OVERANXIETY, particularly about health, is a disease in itself. Physicians call it hypochondria. Those who "enjoy" ill health only make themselves and those about them miserable.

Opposed to chronic worry is complete indifference, to the point of disregard of common-sense health rules and contempt for medical care.

Between these two absurd extremes lies the sane middle road. Petty, transient discomforts need not cause grave concern and frequent trips to the doctor. When symptoms persist or recur with annoying frequency, it is then time to seek professional assistance. Indifference under these circumstances only invites more serious trouble.

## News Briefs

Washington, Dec. 28 (AP) — The White House announced President Truman will recommend at an appropriate time a much broadened tax program to meet increased defense costs. Just when the new tax recommendations will go to Congress was not announced.

Joseph H. Short, press secretary, issued a statement to amplify a remark he made Tuesday that he doubted very much there would be a request for new taxes in January.

Alexandria, Va., Dec. 28 (AP) — In face of rising costs and for the first time in its 201-year history, the city of Alexandria has ordered a wholesale reduction in taxes.

Tuesday the city council passed five ordinances reducing or repealing city taxes. It also accepted a balanced municipal operating budget of \$4,831,322 for 1951. This sum is \$696,572 in excess of the 1950 budget.

Philadelphia, Dec. 28 (AP) — A Philadelphia orphans' court judge recently approved a bequest of \$15,000 to the Smithsonian Institute in Washington to erect a statue or bust

of the late Brig. Gen. William L. (Billy) Mitchell.

The bequest was a part of a \$557,316 estate left by Philadelphia investment broker George H. Stephenson, one of the oldest members of the Philadelphia Stock Exchange. Stephenson died here in July, 1949.

General Mitchell, who culminated a stormy army career 25 years ago, died in 1936.

Harrisburg, Dec. 28 (AP) — Persons who have failed to pay their pledges to the Centre County hospital's money-raising campaign may face court action. John J. Love, chairman of the hospital's board of trustees, said yesterday the board has decided to take action and will petition Centre county court on February 1 to make the persons pay their pledges in full.

Hungnam Beachhead, Korea, Dec. 28 (AP) — Nearly 25,000 North Korean refugees have been removed from the Allied beachhead port of Hungnam—300 of them as special charges of the American Army. Most of them, ordinary citizens fleeing the Communist return, have been carried to southern ports on LSTs of the South Korean Navy.
